GLOBAL REGULATORY PARTNERS

PRESS RELEASE

GLOBAL REGULATORY PARTNERS JAPAN JOINS THE TOKYO CHAMBER OF COMMERCE AND INDUSTRY (TCCI)

Strengthening local connections as GRP Japan celebrates 10 years in Japan

TOKYO, JAPAN	MEMBERSHIP	LOCAL CHAPTER
November 2026	TCCI / 東京商工会議所	Minato Branch / 港支部

Tokyo, Japan — November 2026 — Global Regulatory Partners Japan (GRP Japan) is pleased to announce that it has joined the Tokyo Chamber of Commerce and Industry (TCCI / 東京商工会議所), effective November 2026. GRP Japan will belong to the Minato Branch (港支部), one of TCCI's 23 ward-based branches, strengthening the company's connection with the local business community in Minato Ward.

The membership comes as GRP Japan celebrates its 10th anniversary in Japan, marking another step in the company's continued commitment to building strong relationships within the Japanese business and healthcare communities.

Through its membership, GRP Japan looks forward to expanding its engagement with companies and organizations across Tokyo, participating in business and networking initiatives, and contributing its international life-sciences perspective to the broader business community.

> *"As GRP Japan celebrates ten years in Japan, joining the Tokyo Chamber of Commerce and Industry represents an important next step in strengthening our connection with the local business community. GRP has always seen itself as a bridge between global healthcare innovators and the Japanese market. We look forward to building new relationships through TCCI and contributing to the continued growth and international development of Tokyo's business community."*

ORGANIZATION PROFILES

ABOUT TCCI

Established in 1878, the Tokyo Chamber of Commerce and Industry (TCCI) represents approximately 89,000 member businesses and organizations across Tokyo. Through its 23 ward-based branches, TCCI supports the business community with management support, training, networking, business-matching opportunities, and other initiatives.

ABOUT GRP JAPAN

Established in Tokyo in 2016, Global Regulatory Partners Japan supports pharmaceutical, biotechnology, medical device, diagnostic, and other healthcare companies entering and operating in Japan. GRP Japan provides regulatory, MAH, quality, safety, medical information, importation, supply-chain, and lifecycle support as part of the Global Regulatory Partners Group.

2026 MARKS GRP JAPAN'S 10TH ANNIVERSARY • A DECADE OF PARTNERSHIP. A HEALTHIER TOMORROW.
